

Why I am taking on this challenge - A personal message from Chris Walker.

"When I first heard about the John's O Groats to Lands End challenge, I jumped at the chance. The excitement didn't just come from the chance to challenge myself but also to be given the opportunity to help raise as much money as possible to help those with Leukaemia.

My heart goes out to anyone who has to suffer with this illness, I can only imagine how brave and strong the individuals are and how determined they must be. I will use their strength and determination as the driving force throughout this challenge."

Chris
